

*Living Deep:*  
*Metrics Of Maturity*  
**Galatians 5:1-26**

March 23, 2014 Kemptville CRC

*"The fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control."*

- Spiritual maturity can be defined as:

- It
  - is a lifelong process
  - grows in partnership
  - requires forward looking
  - remembers baptism

- DO YOU WANT TO BECOME MORE MATURE?

- How might you know if you were becoming more spiritually mature?

GALATIANS 5

vv.1-12: a huge rant against rules-based religious living

vv.13-21: the “drift” that happens when you are not intentionally Jesus-focused

vv.22-23:

- NOT a list of commandments (“You MUST obey and do this...”)

- Singular fruit

- Grown in the context of Community

- Any chance we exhibit “arrested spiritual development”

- Lord, send your Spirit to grow in me this fruit – I WANT IT!  
Will you pray that before you leave today?
